As a manufacturer

CERTIFICATE No. 21/4380/00/0161

Has obtained EU TYPE EXAMINATION in compliance with what is set out in Annex V (module B) in Regulation (EU) 2016/425 and in agreement with the applicable test procedures and technical specifications

Intended to indicate the user's presence in both daytime and at night in hazardous situations with low visibility and designed to protect the wearer's body with the exception of hands and feet, according to the following standard/s:

- EN ISO 13688:2013 General requirements.
- EN ISO 20471:2013/A1:2016 as a **Class 3** high-visibility garment.
- EN 343:2019 for protection against rain, fog and moist soil, being (**Class 3**) for water penetration and (**Class 1**) for water vapour resistance.
- EN 342:2017 protection against cold environments (**Icler: 2,60 m²·K/W**) and (**Class 2**) in air permeability and resistance to water penetration (**WP**).

Tests performed after 5 cycles at 30°C.

Having achieved the performance requirements specified in conformity assessment report No. **2021CN0451UE** and the PPE's Technical Documentation.

Description of the PPE:

- Set made in fluorescent orange woven fabric, white padding and an interior black fleece lining. Both garments have 5 cm-wide stitched grey retroreflective tapes.

The materials that form the PPE, are described in the conformity assessment report n° 2021CN0451UE.

The PPE is available with the following variants:

- It can be manufactured in fluorescent yellow colour with the same composition and weight.

It shall be the manufacturer's responsibility to provide specific information of this certificate and the tested levels of protection.
